| | 12noon | Story Telling...Reading to your kids We all love to hear a good story and some people are great storytellers. When you can read you can experience for yourself the many good stories that great storytellers have written. If, while you are learning to read or even after you can, someone can read these aloud to you, then you can experience them through listening. As you listen you must imagine, feel and remember, as well as piece together and go on the journey of the story from its beginning to end. This can be a very enjoyable process and the more you enjoy it the better you are able to develop these skills. As you make these important skills your own you can more easily begin to read to learn by yourself. This presentation is about what simple things can make the process of reading to a child enjoyable both for them and for you. ...and a special takeaway reading | Daryl Pellizzer Olivia Hurrell Bill Street | Join Zoom Meeting https://us02web.zoom.us/j/85213337233 Meeting ID: 852 1333 7233 |
